

ENVIRONMENTAL POLICY STATEMENT

Introduction and aim

At JR Print our main products are offset and digital print and associated products and services. We recognise that our operations result in emissions to air and water, and the generation of waste. It is our aim to reduce the environmental impacts of our business and to operate in an environmentally responsible manner. This policy describes how we will achieve our aim.

Responsibility

This environmental policy applies to all of our operations including management, office services, printing, delivery and procurement. David Meadham is responsible for ensuring that the policy is implemented. However, all employees have a responsibility in their area to ensure that the aims and objectives of the policy are met.

Resources

We will ensure that resources are available to enable us to achieve our objectives and targets.

Objectives

- Reduce solvent consumption and the emission of volatile organic compounds.
- Reduce the generation of general and special wastes.
- Inform all customers and suppliers of our commitment to reducing our environmental impact.

Progress and Monitoring

Progress against these objectives will be monitored through our weekly production meetings.

This environmental policy is available on request. If you wish to obtain a copy or would like to discuss our progress against our objectives, please telephone 01403 211539
